The competition will take place during summer, between August 30th and September 1st, when water level is low on the most rivers. However, power plant Gazivode will provide sufficient amount of water for trainings and competition.

The competition will take place in R4 Class in the next discipline: Slalom, RX and Down River for open category, male, female and mix teams. The water class is WW2. RX discipline will be opened for mix teams who will be ranked as well. The path length is 300 meters. The first Captains meeting will be held during the first official training on Friday, August 30th at 6pm after which is scheduled 5 km Down River training.
